

Six pairs of icons are in the confetti borders of the RSVP cards. Pair icons up with their mirror images so they form the layout shown below. The paired icons are each near a group of confetti that matches the icon's color. When the cards are viewed in the orientation below, with Gilligan's card in the upper left, you can see letters formed by the colored groups of confetti. The correct orientation is also indicated by rainbow order, which also matches the order of the icons as shown on the invitation. Read in order, the letters spell **LAGOON**.
